Experience

Web Developer Intern | Baytek | May 2017 – Present

Front-end work on WordPress child themes using CSS, SASS and Flexbox.
Back-end work with WordPress using PHP and shortcode.
Other work including static HTML pages or pages in WordPress involving HTML.

Mobile Quality Assurance Intern | TITUS | September 2016 – December 2016

Found and logged new bugs with crash files and/or screenshots.
Verified and closed old bugs.
Performed regression testing on iOS, Android and Mac to ensure product quality.

Projects

More projects can be found on my GitHub at github.com/rickydam/

LearnEveryday
JavaScript (AngularJS), PHP, MySQL, HTML, CSS
May 2017 – Present
github.com/rickydam/LearnEveryday/

A project to keep track of the new things I learn everyday. Communication from JavaScript to PHP to MySQL and vice-versa, challenging but very useful. Working on adding authentication and embed option.

ToDoList
JavaScript (AngularJS, NodeJS, ExpressJS, MongoDB), HTML, CSS
November 2016 – December 2016
github.com/rickydam/ToDoList/

A web app created using the MEAN stack and REST API. Allows the users to create todos and delete todos. Uses Angular's routeProvider to route to the correct view depending on the user's device.
rickydam-todolist.herokuapp.com/

Local Business Website
HTML, CSS
April 2016 – Present
github.com/majesticcleaners/majesticcleaners.github.io/

The Ottawa-based business offers washing, dry cleaning, repairs and alterations. The website has information about prices, normal and holiday hours, photos, a map and contact information.
majesticcleaners.github.io/

Personal Website
HTML, CSS, JavaScript (AngularJS)
December 2015 – Present
github.com/rickydam/rickydam.github.io/

No Bootstrap. No FontAwesome. No template.
Written in AngularJS.
100% custom written CSS.
rickydam.com/

Education

Bachelor of Engineering, Computer Systems Engineering | Carleton University, Ottawa, ON
4th Year Undergraduate | September 2014 – Present
